EXECUTIVE SUMMARY

The total proposed operating budget for Fiscal Year (FY) 2021 is \$23,184,645; total operating expenses \$22,830,059.

This budget has been balanced without using reserves.

In 2020, the budget for housing choice voucher administrative fees was prepared using a proration of 75%. The 2021 budget proposes the administrative fee estimated proration of 75%. The Spartanburg Housing Authority (SHA) received notification from HUD in June 2020 of an actual Calendar Year (CY) 2020 proration of 80.442% an increase of 5.442% over the projected 2020 budget. SHA has historically received notice of fee awards well into the fiscal year.

The Asset Management budget was prepared using a proration of 90% in 2020. HUD considered CY 2020 eligibility to provide interim proration at 96.64%. Due to HUD's unpredictable allocation, the FY 2021 budget proposes lowering the proration to 93%. The result of the subsidy funding beyond the PHA's control impacts our ability to forecast.

This budget was prepared to reflect and mirror the annual audited financial statement presentation. As such, non-cash and estimated items are included in the budget as follows:

Depreciation – Depreciation expense is a non-cash item but is reflected in the FY2021 as a part of expenses. This cost is allocated proportionately in relation to the capital assets allocated by project and program.

Pension Expense – This expense is estimated based on prior year contribution amounts into the State plan in which SHA participates. The actual expense is based on actuarially determined amounts not yet available for FY2020 or FY2021. Therefore, the cost is estimated based on contributions and known actuarial adjustments (deferred inflows and outflows) and allocated across projects and programs based on salary expense.

Other Post-Employment Benefits (OPEB) Expense – This expense is estimated based on the contribution amount. While retirees now pay 100% of their premiums, there is an actuarial cost of the plan for active employees. This cost is based on the most recent actuarial report for the OPEB plan and is updated annually. The report to reflecting the calculations for FY2020 and FY2021 are not yet available so assumptions were made based on calculations in the most recently available report.

The projected bottom line operating budget surplus of \$354,586, is shown in the budget summary.

SHA operates multiple programs with funding restrictions. All programs operate with a surplus. Regulatory restrictions apply which limits mixed utilization of funds. Each program, however, has reserves which can offset deficits, if any. Below are the audited reserve account balances as of September 30, 2019.

	Reserve Balance
HCV-Admin	\$297,306
COCC Combined	\$1,284,941
JC Bull	\$32,741
Asset Management	\$1,283,977
TOTALS	\$2,898,965

The COCC budget consists of both federal and business activities. The \$150,380 business activity budget surplus is applied to offset the deficit of the COCC-federal budget. The net effect is that COCC-federal budget shows a breakeven result.

HOUSING CHOICE VOUCHER PROGRAM (HCV) ASSUMPTIONS

Proration for Housing Choice Voucher Program (HCV): The 2021 budget is based on an estimated proration of 75%.

Below are the proration factors for the past five years:

ADMINISTRATIVE	FEE
2020	80%
2019	80%
2018	70%
2017	77%
2016	85%

At the estimated proration of 75%, there is a net operating surplus of \$49,630 in the HCVP Admin program budget. The unrestricted reserve balance as of June 30, 2020 is \$127,748. It should be noted that HUD recaptures unused administrative fee reserves. SHA administration will continue to monitor the proration and reserve balances and adjust according to HUD guidelines and regulations.

Leasing has been projected at 95%. HUD scores HCV utilization on 98% of vouchers utilized or 98% of funds expended. SHA does not receive adequate funding for the current rent levels to utilize 98% of voucher; however, we do utilize 98% of funding.

Included in the HCV budget is revenue of \$100,720 related to the subrecipient agreement with Spartanburg County to administer the Tenant Based Rental Assistance program (TBRA) based on HOME funds received. SHA will administer all aspects of the program for the County,

including policies and procedures, eligibility, inspections, and reporting. The program is intended to serve 15 to 20 low-income families or until funds are depleted.

CENTRAL OFFICE COST CENTER- ASSUMPTIONS

The total projected revenue is \$1,797,275 and total projected expenses is \$1,793,155, showing a net operating surplus of \$4,120.

Major sources of COCC revenue include:

- \$727,865 of management fees earned from the administration of Asset Management, and HCV programs as follows:
 - o \$312,190 from Asset Management
 - o \$311,330 from HCV programs
 - o \$13,090 from Liberty, Appian, and Page Lake
 - o \$75,730 from JC Bull (Multi-Family)
 - o \$15,525 from SAHC
- \$244,090 of bookkeeping fees earned from the administration of Asset Management, and HCV programs as follows:
 - o \$36,280 from Asset Management
 - o \$194,580 from HCVP programs
 - o \$1,530 from Liberty, Appian, and Page Lake
 - o \$8,820 from JC Bull (Multi-Family)
 - o \$2,880 from SAHC
- \$194,320 of administrative fees to operate the CFP (Capital Fund Program) program, this is allocated to staff cost.
- \$631,000 of other income (consisting primarily of \$175,000 of distributions from tax credit properties, \$150,000 from affiliate partnership distributions, \$130,000 in fee-for-service landscape and special project income, \$126,000 developer fee to be derived at VGA RAD closing, and \$50,000 in proceeds from sale of vacant lots).

ASSET MANAGEMENT ASSUMPTIONS

The projected 2021 Asset Management revenue amount is \$2,611,930 with projected expenses of \$2,562,942, resulting in a net operating surplus of \$48,988, Scattered sites shows a breakeven result.

The scattered sites are single family homes under the public housing program and are in the process of being disposed of using different strategies. Five units are currently occupied, and ten units are vacant. The units are older and reach across Spartanburg County.

Due to the uncertainty around the timing of these sales, the budget reflects only rental income from these properties for FY2021 and no gain or loss from possible sales.

The budget is estimated using a 93% proration for Public Housing Operating Subsidy, which is estimated at \$1,447,820 based upon FY2020 adjusted eligibility, and a 98% occupancy rate. HUD requires an occupancy rate of 98% to earn PHAS points (Public Housing Assessment System), a HUD scoring mechanism.

JC BULL MULTI-FAMILY

The projected 2021 Multi-family revenue is \$824,000 based on a leasing rate of 98% of available units. The Multi-family expenses are \$703,815 with a net operating income of \$120,185. The funding stream for Multi-family is different than that of Asset Management or HCV.

SPARTANBURG AREA HOUSING CORPORATION-32 Units

The projected 2021 SAHC revenue amount is \$221,200 with projected expenses of \$116,580, resulting in a net operating surplus of \$104,620. SHA will assume management of 32 units from Vista Management effective Oct 1,2020.

LIBERTY AND PAGE LAKE PROPERTIES.

The total projected revenue is \$84,958 and total projected expenses is \$64,085, showing a net operating surplus of \$20,873. Liberty and Page Lake properties are owned and managed by the housing authority. Page Lake has 8 units and Liberty has 6 market rate duplex units.

The targeted goal is to maintain an occupancy of 97% overall. Excluding the vacant units at Scattered Sites, the SHA would have a 93.56% overall occupancy. Total Vacant Units excluding Scattered Sites is 32 Units; seven (7) of which are off-line for extensive repairs (three (3) Camp Croft Courts, one (1) Victoria Gardens, and two (2) at Archibald Hi-Rise and one (1) Prince Hall). Leasing has ended at ALL SITES due to the upcoming RAD conversion of Victoria Gardens. SHA Public Housing units will be used as temporary housing for families during the rehabilitation.

TENANT ACCOUNTS RECEIVABLE REPORTS:

The Tenant Accounts Receivable Collection rate for SHA managed developments was 73.98% for all public housing properties and 100.71% for SHA managed market units and multi-family properties. Several internal and external referrals are made each month for residents with delinquent balances. The Asset Management team continues to act to collect all debts and have made referrals for families to reach out to local public assistance agencies to receive aid during this pandemic. The recertification specialist has identified several residents with substantial unreported income that have grossly affected this month's TARS. Residents with unreported income exceeding \$5,000 are subject to lease termination.

^{*}Approved extension deadlines from HUD

Compliance/ Regulatory: The Capital Fund is awarded by HUD annually based in part on the number of units in the PHA portfolio. SHA must submit a proposed budget to HUD for approval. Funds must be obligated within 24 months and expended within 48 months. The funds are generally approved for projects directly associated with asset management. Ten percent of the awarded funds may be committed to the COCC and categories such as "Management Improvement" and may be approved by HUD. For example, computer upgrades could be allowed, as it would benefit the overall operation of the Authority. The majority of SHA's historical capital fund was used to satisfy outstanding debt (Capital Fund Financing). The RHF funds are committed to being utilized for the Northside project, currently underway. The expenditure date has been extended by HUD:
